6291 **viola wedgewood**

A wonderful new viola of everblooming habit

This remarkable flower originated in our nursery and is here offered for sale for the first time. Its color is a deep blue self, bluer than the well known Jersey Gem. Its form is quite different. It is larger and far more continuous in its bloom, being in flower thruout the year. Easily propagated. A few large clumps \$1.00 each. Plants \$5.00 per dozen.
